Hi Tom and Darren,

I spoke to Ms. Salvador already as the Certifier has resubmitted the correct report, but they are still seeing the original submission that needs to be removed. Ms. Salvador is a consultant and probably the Preparer. I am not able to see the CEDRI History to be able to tell if what she is seeing is okay, but she wants to make sure the correct file is there and not two separate reports.

Can someone follow up with Ms. Salvador and let me know the outcome.

Thanks,

Ketan

Subject: Resubmission of OOOOa report

Hello,

I submitted a OOOOa Annual Report yesterday (10/29) for 1776 Energy Operators LLC-Dragon 1H Production Facility. We needed to make a revision, so I created a revision file and the report was re-submitted today (10/30). However, both versions are showing up under my Submitted Reports folder and the resubmission file is the old (incorrect) one. The correct revision submitted today is not labeled revision, so it is a little misleading that the file name resubmission does not contain the edits we made.

Am I able to delete the old (incorrect) file that is labeled resubmission? The deadline for this report is today.

Thanks,
